Information about the service

A Click Access 5G mobile broadband service is a “SIM only” service for use with existing devices requiring internet access.

Where is it available?

The mobile product of Click Access uses the Telstra Wholesale Mobile Network.

Click here: www.telstrawholesale.com.au/mobile-network to learn more.

The coverage area reaches more than 98.8% of the Australian population with 5G and covers more than 1.6m square kilometres of the Australian landmass. The service provides 5G coverage reaching at least 75% of the Australian population.

What's Included and Excluded

This service includes a monthly data allowance, which can be used in any 5G compatible mobile device. It does not include any voice, SMS or MMS allowance.

Data sharing is not available on these plans.

These mobile broadband plans are only available for use in Australia. International roaming and calls are not available.

Minimum Term

The minimum term of the service is one month. There are no early termination fees for this service.

Data Banking

The Mid, Large, and Jumbo Plans include data banking. At the end of your monthly billing cycle, any unused data goes into your data bank for use in the next monthly billing cycle. The maximum amount of data that can be banked is 500 GB. Any data in your data bank is forfeited if your mobile plan is downgraded. Your banked data will remain if your mobile plan is upgraded.

Additional Features

A 2GB data bolt-on is automatically added to your service if you use all available data according to your monthly plan allowance. This bolt-on is added to your service at a cost of \$10.00. A maximum of five automatic bolt-ons are added per billing cycle. If you exhaust the 2GB automatic bolt-on feature, a 1GB one-off bolt-on is available for \$10.00. The 2GB automatic data top-up is not available on the Extreme Plan.

Information about pricing

Refer to the pricing table for plan pricing, data allowances, inclusions and exclusions.

There is no set-up fee for this service. There is no charge to port (transfer) your service from your old provider.

You will require a new SIM card to be provided by Click Access when ordering a new service or porting your existing service to us. Your first SIM card for any service is free.

A replacement SIM card will cost \$15.00 including postage.

Accounts & Billing

Your monthly charges and inclusions are metered and billed from the 28th to 27th of each month.

Any plan upgrade or downgrade made on days other than the 27th of any month will be fully charged on the day of the change (current month) and on the 28th (month in advance).

Plan disconnections are not pro-rated. No credit will apply for remaining days in the bill cycle.

We will send you a monthly bill via email. If you would prefer a paper bill to be posted to you, a monthly fee of \$2.00 applies and will be added to your bill.
